INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1934 edition of the Durham City Directory.

Confidence in the growth of Durham's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Durham to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Durham Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE BUYERS' GUIDE, pages 25 to 50, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Durham. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Durham, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 51 to 478. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Durham, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 479 to 594. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 595 to 641. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Durham.

The Durham Directory Library

Through the courtesy of the publishers of the Durham City Directory, a Directory Library is maintained in the offices of the Durham Chamber of Commerce, for free reference by the general public. This is one of nearly 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

STATISTICAL REVIEW

Form of Government—Council-manager.

Population—Total, 52,037; males, 24,629; females, 27,408; white males of age, 14,137; white females of age, 15,856; total colored, 18,717 (1930 U. S. Census). Government estimate, 1934, 58,900. American-born, 99.3%.

Area—12.8 square miles.

Altitude—406 feet.

Climate—Mean annual temperature, 59.6 degrees F.; average annual rainfall, 47.19 inches.

Parks—8, with total of 110 acres, valued at \$225,000.

Assessed Valuation—\$70,000,000, with \$1.75 per \$100 tax rate.

Bonded Debt—\$9,324,913.03.

Financial Facts—6 banks, with total deposits of \$18,864,061.75 (June 30, 1934), and total resources of \$22,553,354.47 (June 30, 1934). Clearings for 1933, \$108,247,961.68. 4 building and loan associations, with total assets of \$2,072,652.66 (June 30, 1934).

Postal Receipts—\$260,762.37 (calendar year 1933).

Telephones in Service—5,622.

Churches—84, representing 12 denominations.

Building and Construction—200 permits, with total value of \$812,523, issued in 1933.

Real Estate—1,337 transfers made in 1933. 10,562 homes, with about 40% owned by occupants.

Industry—87 manufacturing establishments, employing 7,805 men and 6,133 women, paying wages of \$13,000,000 annually, and having products valued at \$166,098,762 annually (1932 report). Principal manufactured products: Cigarettes, smoking tobacco, hosiery, sheets and pillow cases, gingham, flour and proprietary medicines.

Trade Area—Retail area has radius of 25 miles, and population of 148,000; wholesale area, radius of 50 miles, and population of 508,000.

Newspapers—2 dailies, 1 daily and Sunday, and 3 weeklies.

Hotels—7, with total of 800 rooms. Newest hotel opened in 1925.

Railroads—5; Southern, Seaboard Air Line, Norfolk & Western, Durham & Southern and Norfolk Southern.

Highways—U. S. 15, 70 and 501; State 55 and 91.

Airports—1 nearby.

Amusements—Largest auditorium in city seats 1,750 persons. 6 moving-picture theatres, with total seating capacity of 3,286 persons. 2 golf courses.

Hospitals—4, with total of 815 beds.

Education—Duke University, Southern Conservatory of Music, Croft Secretarial School, Durham College of Commerce, and North Carolina College for Negroes. 19 public schools, including 3 senior high and 1 junior high. 1 parochial school. Number of pupils in public schools, 12,335; in parochial, 85. Number of teachers in public schools, 319; in parochial, 4. Value of public school property, \$3,230,000; parochial, \$30,000; college, \$20,670,000.

Public Libraries—5, including branches, with total of 422,165 volumes.

City Statistics—Total street mileage, 205, with 75 miles paved. Miles of gas mains, 86.52; sewers, 301. Number of water meters, 9,900; light meters, 10,006; gas meters, 2,850. Capacity of water works (municipal), 9,000,000 gallons; daily average pump, 5,000,000 gallons; miles of mains, 169.7; value of plant, \$4,800,000. Fire department has 47 men, with 4 stations and 12 pieces of motor equipment. Value of fire department property \$300,300. Police department has 52 men, with 1 station and 10 pieces of motor equipment.

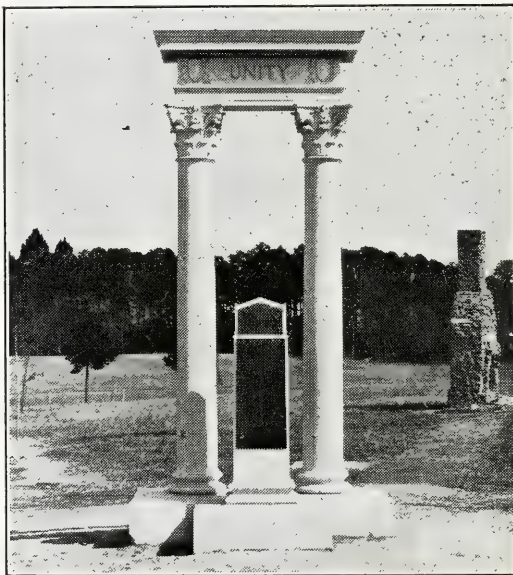

HISTORY

In April, 1865, at a log cabin known as the Bennett Place, near Durham's Station, there occurred one of the most historic events in the history of our nation. Lee had surrendered at Appomattox, and the future looked dark indeed for the Southern states. Jefferson Davis and his cabinet had escaped to Greensboro, North Carolina, and there had held fiery debate as to the advisability of continuing the Civil War. Some members of the cabinet favored continuing hostilities at any cost, even though it meant carrying on a guerrilla warfare, while others took the position that the cause of the Confederacy was forever lost and

that no good could be accomplished by further bloodshed. Finally it was decided to instruct General Joseph E. Johnston, commander of the Confederate Armies of the Carolinas, Georgia and Florida, to negotiate terms of peace with General Wm. Tecumseh Sherman, commander of the Federal Army that had broken the backbone of the Confederacy by reason of its famous march to the sea. These two generals met at the Bennett Place and signed a tentative peace agreement. This agreement was so favorable to the South that General Grant refused to approve it, but after several days' conference, it was amended to meet General Grant's demands and was signed and approved by the governments of the North and South, and the War Between the States came to a close.

Marking the place of surrender, just four miles from Durham, there has been erected, through the generosity of Mrs. S. T. Morgan, a beautiful monument consisting of two columns, one representing the North and the other the South, joined together by a cross-piece on which is the word Unity. This Historic spot, the birthplace of a reunited nation, is visited each year by thousands of people.

The death of the Confederacy gave birth to the city of Durham, and out of the ashes of the hopes of the Southern people has been built a great and beautiful city. In 1865 Durham Station was a small and insignificant point on the North Carolina Railroad, inhabited by less than 100 persons. There was one lone business enterprise here, a crude and unimportant tobacco factory with total assets of less than \$2,000, including not only products on hand, but representing also the entire investment and replacement. History and tradition unite in

BENNETT MEMORIAL

saying that this factory was broken into by Sherman's soldiers and a large part of the stock carried away. Tradition further says that the product carried away was so well made and of such quality that when the soldiers returned to the pursuit of civil life, letters came back to Durham to ascertain if there was more of the product upon the market. To supply this demand, a broken business was rebuilt.

In 1865 Washington Duke, a Confederate soldier, walked from New Bern to his home in Durham, and with the same stout heart that had carried him through the vicissitudes of a lost cause, turned his attention to the battle for bread, which was doubtless as cruel and bitter as the war from which he had returned. He built the second factory in Durham, composed of a log cabin 20x30 feet, and with his own hands manufactured a product out of a small supply of tobacco that the Federal soldiers had not found. This he called *Pro Bono Publico*. The annual output of this factory was originally four or five hundred pounds, and in 1872 had grown to 125,000 pounds.

In the meantime, W. T. Blackwell had moved to Durham to engage in the tobacco business. He was to the early development of the tobacco industry in Durham what Napoleon was to France, or Caesar to Rome.

The Durham Bull got upon the map and in a few brief years his sonorous voice, like the shot at Lexington, was heard around the world. In 1872 the two small tobacco factories had grown into twelve.

James Buchanan Duke, becoming convinced that it was neither practicable nor profitable to compete with Bull Durham smoking tobacco, turned the vision of his great genius into the cigarette field, and from that day to the present hour the increasing volume of the tobacco industry has become the common property of mankind.

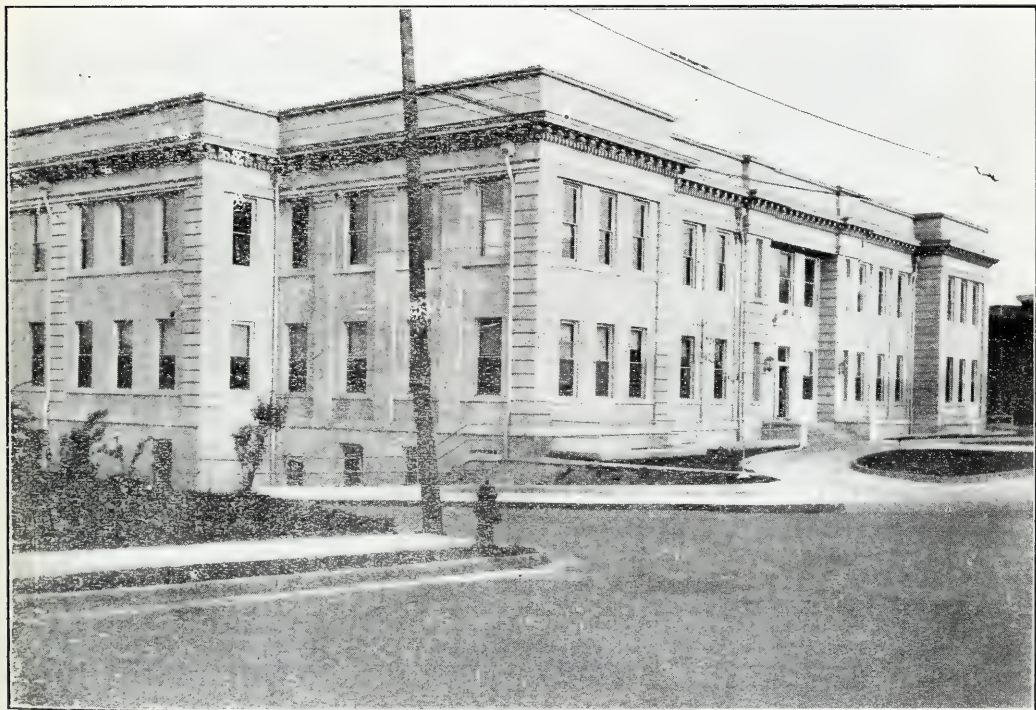

In 1869, on April 13, almost exactly four years after Johnston surrendered to Sherman, Durham was born. There were less than 253 inhabitants in the village, and the total municipal revenue was \$357.44. The largest taxpayer paid \$40.62 in taxes. In 1870 there were probably less than 100 wage-earners in industrial pursuits in the town.

The tobacco industry grew at a very rapid rate, using large quantities of bright-leaf tobacco. While much of this type of tobacco was grown around Durham, it was sold at tobacco markets in Richmond and other Virginia cities, and local manufacturers had to pay the cost of transporting the tobacco back from Virginia to Durham. This condition made desirable the opening of warehouses for the sale of leaf tobacco in Durham, and resulted in this city becoming one of the largest bright-leaf tobacco markets in the world, now selling from 28 to 30 million pounds each season.

During all this time there were no banks in the town, practically all the banking being transacted in Raleigh, and on days of big sales at the tobacco warehouses it was necessary to obtain cash from the merchants in order to pay the farmer for his product. Such inconveniences could not long continue, and soon two banks were established.

The next step in the industrial and commercial history of the town was the bringing in of additional railway lines. By the co-operation of manufacturers, merchants, and the city and county governments, the Seaboard Air Line, the Southern Railway, and the Norfolk & Western Railway were given access to this market. Later the Norfolk Southern Railroad and the Durham & Southern Railway were added to the railway lines serving the city, giving a total of five railway companies with seven lines radiating in every direction.

Durham had now grown into a very prosperous and thriving community, but its citizenship was not satisfied with having purely a commercial and industrial town. The people felt the need of better schools

VIEW OF CITY HALL

VIEW OF CORCORAN STREET, LOOKING SOUTH

and, in 1885, after a heated political campaign, bonds were voted for public school buildings and a tax levied for maintaining a public school system. Today Durham has one of the finest public school plants of any city of its size, with physical property valued at more than \$3,230,000 and with a personnel of teachers and management that gives it first rating among the cities of North Carolina.

In 1892 Trinity College, now Duke University, was brought to Durham through the philanthropy of Mr. Washington Duke and General Julian S. Carr. Today Duke University has a physical plant worth \$20,000,000, 2,842 students, a 456-bed hospital, and ranks among the leading educational institutions of the nation.

As the tobacco industry grew and prospered, certain persons used some of their dividends in establishing cotton mills, and this industry soon assumed a position of importance in the industrial life of the city. Later hosiery mills were established, until today Durham ranks as the first city of the South in the manufacture of full-fashioned silk hosiery. Other industries were added from time to time, including flour mills, fertilizer plants, iron works, woodworking plants, printing establishments, etc., until in 1934 there are engaged in industry 13,938 wage-earners, producing \$166,698,702 worth of manufactured products annually. These industries pay into the Federal treasury approximately \$70,000,000 each year. Durham today produces 24 per cent of all the cigarettes made in the United States.

In 1914 a program of civic improvement was undertaken, and although it was interrupted by the World War, it has now reached the point where Durham has all the conveniences of a modern city, in-

cluding complete sewerage, asphalt streets, paved sidewalks, electric power, gas, the latest dial telephone service, Western Union and Postal telegraph service, American Telephone & Telegraph repeater station, insuring rapid long-distance telephone communication; a fine recreation program, and a system of water works with an impounding reservoir sufficient to care for the needs of a city of 100,000 people.

Any story about Durham would be incomplete without mention of the notable contribution which the Negro race has made to the industrial, commercial and civic development of the community. The progress the race has made here has been truly amazing. Under the leadership of E. R. Merrick, and later, C. C. Spaulding and their associates, Durham's colored people have established industries, insurance companies, banks and other commercial businesses which would be creditable to any city. The labor which they furnish the city's industrial plants is intelligent and dependable. The high type of leaders among the colored people here has made Durham a conspicuous outpost in the advancement of Negro civilization.

One of the finest things about the founders of Durham is that material prosperity merely opened to them avenues of service to mankind. It has been said that more philanthropists have been produced in Durham than in any other city of the South. Watts Hospital, of 210 beds, was a gift to the city and county by Mr. George W. Watts. Lincoln Hospital, of 108 beds, is largely the gift of Mr. Benjamin N. Duke. Duke University is a living memorial to Mr. Washington Duke and his two sons, Benjamin N. Duke and James Buchanan Duke. Other philanthropists have remembered the city from time to time in ways that help in making Durham a good place in which to live and work.

Durham is today the third city in North Carolina in point of population, having approximately 58,900 inhabitants, and is second in industrial payrolls, and second in importance in the value of its manufactured products. It is far in the lead in its educational facilities, having an unexcelled public school system and Duke University within its corporate limits, and having within a radius of a few miles the University of North Carolina, Wake Forest College, Meredith College, North Carolina State College, Peace Institute, St. Mary's, and the Southern Conservatory of Music.

The colored people have in Durham, in addition to excellent public schools for their race, the North Carolina College for Negroes, the only college of liberal arts for Negroes supported by taxation in the Southern states.

DUKE UNIVERSITY STADIUM, SEATING CAPACITY 40,000

PART OF THE MAIN QUADRANGLE, DUKE UNIVERSITY, WEST CAMPUS

All these things have been accomplished by people not especially favored by nature, but who by their determination, unconquerable will, tireless effort, and by their faith in mankind and in this community, have created a city that proudly takes its position as one of the representative cities of the new South and of America.

Capital	\$ 700,000	\$ 700,000	\$ 700,000	\$ 700,000.00	\$ 700,000.00
Surplus	290,000	290,615	115,615	115,615.00	115,615.00
Undivided profits and reserves...	200,000	200,000	333,983	339,109.65	175,912.91
Total resources in excess of.....	16,000,000	16,000,000	15,000,000	12,738,433.04	11,319,127.25

Building and Loan Associations:

Year	No.	Assets
1929.....	7	\$2,643,149.88
1930.....	7	2,661,977.14
1931.....	5	2,507,479.65
1933.....	4	1,956,611.07
1934.....	4	2,072,652.66

Building Permits:

1929.....	322	\$1,924,443.50
1930.....	236	1,052,961.00
1931.....	180	711,400.00
1932.....	151	385,985.00
1933.....	200	812,523.00

Owing to the methods used in arriving at these figures, it is conservatively estimated that the true figures will exceed those given above by 25 per cent.

Churches: Eighty-four churches, representing practically all denominations. Durham is noted for its many beautiful church edifices.

City Incorporated: The City of Durham was incorporated by act of the General Assembly, ratified April 10, 1869.

Civic Organizations: Rotary Club, Kiwanis Club, Lions Club, Monarch Club, Woman's Club, Durham Merchants' Association, and Durham Chamber of Commerce.

Climate: Equable. Annual mean summer temperature, 71.3; winter, 48.3. Sixty-two per cent sunshine days. Annual rainfall, 47.19 inches. Annual snowfall, 10 inches. Prevailing westerly winds.

1928.....	2,731	1933-34.....	2,983
1929.....	2,854		

Both universities conduct summer schools, which are largely attended.

There is also located in Durham the North Carolina College for Negroes, the only college of liberal arts for colored people, supported by the State, in North Carolina. Enrollment for 1933-34, 245.

Convention Facilities: Hotel rooms with bath, 579; without bath, 221; total, 800. Maximum capacity of lodging accommodations, 1,374 persons; capacity in excess of ordinary requirements, 700 persons. Assembly halls, capacity, 800; ballroom capacity, 500; twelve committee rooms; auditorium, seating capacity, 1,750.

County: Durham County was created by act of the General Assembly in 1881 from parts of Orange and Wake Counties. While Durham is not a large county, it is the center of the famous bright-leaf tobacco belt. Between 28 and 30 million pounds of tobacco are sold each year on the Durham market. Tobacco is the principal money crop, although cotton, corn and truck are also important. Dairying has increased rapidly during the past few years. The county has good roads and splendid schools and churches.

Education: Durham is recognized as being one of the leading educational centers of the South. Its colleges and university, its public school system, its schools of music and business school are rated among the best in the South by leading educators. (See Colleges and Schools.)

Fire Protection: Durham has a well-equipped fire department, with four stations and paid personnel, giving Durham first-class insurance rating.

VIEW OF HOPE VALLEY COUNTRY CLUB

Government: Durham has had the council-manager form of government since May 4, 1921. It is admitted to be one of the best governed cities in the state.

Health: Durham has a well organized board of health, with 20 employees, charged with the supervision of health conditions in the entire county. It has been remarkably successful in its work. The white resident death rate for 1933 was only 7.1 (colored resident, 15) to the 1,000. The death rate for both races was 9.9. The birth rate for white was 19.7; for colored, 23.8; total, 21.1. Milk, meats, water, markets, dairies, hotels and eating places are carefully inspected.

Hospitals: Watts Hospital (public, white) is one of the finest hospitals in the South; value, \$1,443,266.28; 225 beds; personnel of 92 physicians, 73 staff officers and internes, and 88 nurses; endowed by Mr. George W. Watts and partly supported by contributions from city and county. Lincoln hospital (public, colored); value, \$250,000; 108 beds; personnel of all physicians in Durham who are in good standing, and 30 nurses; partly supported by contributions from city and county. McPherson Hospital (private—eye, ear, nose and throat); value, \$103,000; 26 beds and personnel of 3 physicians, 4 nurses and 3 office girls.

MALBOURNE HOTEL

Duke Hospital, with 456 beds, representing an investment of more than \$3,000,000, is said to be the best-equipped hospital in the world. It was opened on July 21, 1930. During 1932 the Duke Hospital Nurses' Home was completed at a cost of over \$300,000.

Hotels: Durham is unusually well provided with hotel facilities. The Washington Duke is one of the finest hotels in the South, having been constructed at a cost of more than \$1,750,000. It has 300 bedrooms, all with bath. The Malbourne Hotel—200-room capacity—is a fireproof hotel and newly furnished throughout. Other hotels are the Lochmoor, Bowen and Royall, and the Biltmore and Jones Hotels for colored people. Hotel rates, \$1.00 to \$5.00 per day; European plan.

Industries: Durham is the second largest industrial center in North Carolina, its output of manufactured products being valued at \$166,098,702 annually (U. S. Census of Manufactures, 1932). It has large tobacco industries, manufacturing such well-known brands as Duke's Mixture, Bull Durham smoking tobacco, and a great many brands of cigarettes, including the famous Chesterfield and Lucky Strike, and fifteen brands of Turkish cigarettes. It is the home of the Durham Hosiery Mills (manufacturers of Durable Durham hosiery), and the Golden Belt Mfg.

Co. (manufacturers of small bags and hosiery). There are also manufactured in Durham Erwin and White Star sheetings and pillow cases, Glasgow Zephyr gingham, chambrays and chevots, Virginia-Carolina fertilizers, Oconechee, Peerless and Climax flours, silk shirtings and sport goods, novelty fabrics, blank books, castings and iron products, cigars, harness, bread, ice, mattresses, brick, overalls, building materials and proprietary medicines. Due to proximity to source of raw materials, cheap electric power and its transportation facilities, Durham offers unexcelled opportunities for the location of industries.

Industrial Statistics—People Employed:

1919	1926	1927	1928	1929	1931	1932	1933
5,977	12,239	13,220	13,500	16,000	12,038	12,538	13,938

\$70,659,339	\$122,000,000	\$150,000,000	\$138,000,000	\$166,098,702

Location: Durham is situated in the geographical center of North Carolina, a few miles north of the center of population of the state. Its terrain is slightly rolling and well drained.

Payrolls: The payrolls of Durham exceed \$13,000,000 annually.

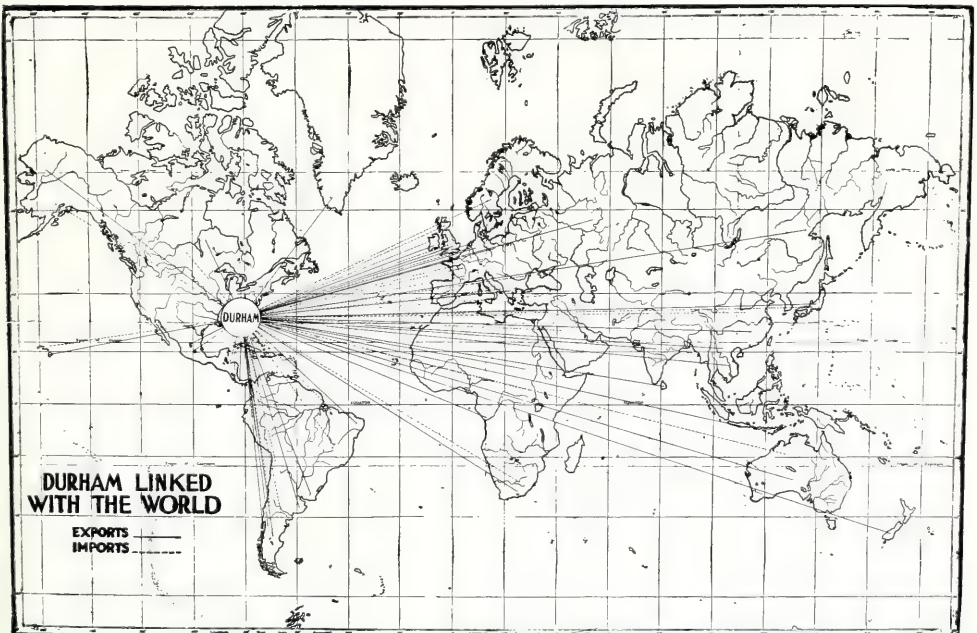

Population:

City of Durham		County of Durham

1929.....	223,306.42	1933.....	260,762.37

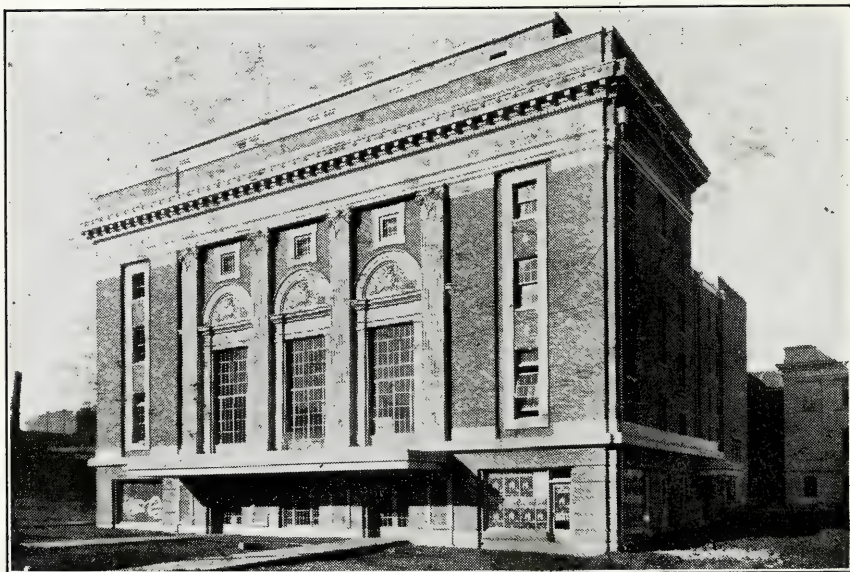

Public Utilities: Durham has public utilities furnishing bus service, gas, telephone and electric current service. These utilities compare favorably, both in cost of service and in efficiency, with those in other cities of similar size.

Durham carries on a world-wide trade, with imports from more than thirty countries and exports to more than eighty countries

Recreation: Community recreation, under supervision of the Playground and Recreation Commission, supported by public taxation. Three parks, containing swimming pools, tennis courts, etc., and several large playgrounds, maintained by industrial plants for the use of employees. Two eighteen-hole golf courses; magnificent new country club; tennis and gun club; college football, baseball, basketball, track, boxing and wrestling. The schedules of Duke University and the University of North Carolina offer Durham citizens the opportunity of seeing some of the best college teams of the East and South in action. Both these universities have magnificent stadiums, that of the University of North Carolina seating 24,000, while the stadium of Duke University has a seating capacity of 40,000.

**DURHAM PUBLIC LIBRARY**

Schools: The public school system of Durham is nationally-known for its equipment, high scholastic standards and progressive policies. In addition, the Durham School of Music and the Southern Conservatory of Music rank among the leaders in their field. The Durham College of Commerce is a fully accredited class "A" institution.

City Schools Enrollment

1929	10,897
1930	11,088
1931	11,303
1932-33	11,612
1933-34	12,335

Number of schools: White, 12; colored, 7. Number of teachers, 319. Value of school plant, \$3,230,000.

Social Agencies: Young Men's Christian Association, Young Women's Christian Association, Salvation Army, Red Cross, King's Daughters, Board of Charities and Public Welfare, Wright Refuge for Children and Charity League.

Streets: Durham is today one of the best paved cities in the State. The white-way lighting system in the business district is admitted to be one of the best in the South.

Theatres: Four motion picture theatres for white, and two for colored. Total seating capacity, 3,286.

Taxes and Valuation: In 1933 the city of Durham had an assessed valuation of \$70,000,000, with a city tax rate of \$1.75 on the \$100. Property assessed on 75 per cent of true value. The county of Durham had an assessed valuation of \$90,000,000 and a county tax rate of 85 cents. Property assessed on 75 per cent of true value. No property tax is levied by the State.

Transportation: Durham has five lines of railroad, radiating in seven directions. It has two lines of the Southern Railway, the Seaboard Air Line Railway, the Norfolk & Western Railway, the Durham & Southern Railway, and the Norfolk Southern Railroad. These railroads afford unusually good freight facilities. Durham is on the National Highway and the Central Highway, the principal routes between the North and South and between the East and West. Excellent bus service is maintained between Durham and Raleigh, Henderson, Oxford, Roxboro, Greensboro, Chapel Hill, Pittsboro, Siler City and Danville, Va.

Water: Durham has an ample supply of pure water. An impounding reservoir completed in 1926 stores 4,600,000,000 gallons, which, if used for no other purpose, would, at the present rate of consumption, supply the demand for a period of three years. There is no longer any danger of a water shortage. The water is excellent for domestic uses and is soft and free from iron, making it very desirable for industrial purposes.

The Sign over your door

tells the passer-by that you are there ready to serve him.

But you also want to tell people, in all parts of the community, where you are and what you do.

The sign is only seen, however, by the small portion of the population who pass your way. Being fixed, it cannot reach out and tell somebody, a good prospect, on the other side of town about your business.

But Your Directory Advertising

is before the entire community

It directs buyers from all parts of the community to your business and to any particular service which they may require.

The advertisers stand out as the leading and permanently progressive firms of the community.

You should make it easy for people to find you by putting in the directory such information as a buyer wants to know.

For FREE suggestions on how to make your advertising most effective write—

Hill Directory Co., Inc.
8 N. 6th Street, 4th Floor
Richmond, Va.

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

HILL'S DURHAM

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1934

Copyright, 1934, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

(c) Denotes colored.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.
